This document certifies that the academic record presented below belongs to the student identified by the information provided in this transcript.

Student Name:

Biruk Belay

Student ID:

1

Department:

Information Technology

Year:

4

ACADEMIC INFORMATION

The student identified above has been officially enrolled in the stated academic program and has completed academic activities according to the University's academic regulations and requirements.

The academic record maintained by the University contains information regarding the courses taken by the student, the corresponding credit hours, grades obtained, academic performance, and semester results. All academic activities are recorded and maintained by the responsible academic department and the Office of the Registrar.

During the period of study, the student was required to register for courses according to the approved curriculum of the academic program. Course registration, academic performance, examination results, and completion status are maintained as part of the student's official academic record.

The information contained in this document represents the official academic information available in the University's academic information system at the time this transcript was generated.

ACADEMIC PERFORMANCE

The student's academic performance is evaluated according to the University's approved grading system. Grades are awarded based on examinations, continuous assessment, assignments, practical activities, and other approved academic evaluation methods.

The cumulative academic performance reflects the student's overall achievement throughout the period of study. Credit hours represent the academic workload assigned to each course, while the grade point represents the numerical value assigned to the grade received.

The academic standing of the student is determined according to the University's academic policies, regulations, and graduation requirements.

GRADING SYSTEM

The University uses a standard grading system in which excellent academic performance receives the highest grade points and unsuccessful performance

receives the lowest grade points.

A grade represents excellent performance, while A-, B+, B, B-, C+, C, C-, and D represent progressively lower levels of academic achievement. An F grade indicates unsuccessful completion of a course.

The grade-point average is calculated using the approved credit-hour and grade-point calculation method of the University.

CERTIFICATION

This transcript is issued as an official academic document of Debre Birhan University. The information contained herein has been obtained from the University's official academic records and is intended to provide an accurate representation of the student's academic history.

This document may be presented to educational institutions, government offices, employers, scholarship organizations, professional organizations, or other authorized institutions requiring official evidence of academic achievement.

Any alteration, unauthorized modification, reproduction, or falsification of this document is strictly prohibited.

AUTHORIZATION

The Office of the Registrar confirms that this academic record has been reviewed and issued in accordance with the University's academic rules and administrative procedures.

Generated Date: September 2, 2026 G.C. / Nehase 27, 2018 E.C.
